The North American MGA Register (NAMGAR) has designated the MG race car as the featured car for their 44th annual convention (GT-44) in Dubuque, IA July 10-14. We have been happy with the response from vintage racers from all over the country, and their desire to join the festivities. However, it is important that every racer that comes to Dubuque also register with NAMGAR to join the convention and take part in the dinner with David Hobbs and

Saturday car show. We have even created a race car class for the car show so this is an opportunity for your race car to win without even moving!

To register for NAMGAR's GT-44, go to namgar.com and click on GT-44. Or you could click on the link below to go directly to the registration page.

<https://events.r20.constantcontact.com/register/eventReg?oeidk=a07efs3u3ph69544f41&oseq=&c=&ch=>

Please help us get the word out to your vintage racers so everyone coming to GT-44 can enjoy all the events and not be unhappily surprised when they arrive.
