

***WeatherTech International Challenge***  
**with Brian Redman**  
**ROAD AMERICA**  
**July 16-21, 2019**  
***2019 MGVR Focus Event***

Greetings MG Vintage Racers-

Attached is a Hot Lap of Road America courtesy of MGVR Newsletter Vol. 21 #2.

Below is a reminder courtesy Deborah Szczepanski/ Road America:

*All paddock parking requests are due by 7/2 and then registration closes. We also want to remind everyone that the Friday Concours is sold out and a wait list is being kept. All changes to submitted entries must be sent via email ([registrar@roadamerica.com](mailto:registrar@roadamerica.com)), and please, no phone calls.*

*Another addition for The WeatherTech® International Challenge with Brian Redman presented by HAWK is Kent Prather's special instruction opportunity on Tuesday, 7/16 at 10 a.m. We also will be offering van arounds, lead-follows and the MG-specific test day on Tuesday, 7/16 beginning at 3 p.m. The fee for the Tuesday test is \$125 and entrants do need to pre-register. Additional van arounds are being offered on Wednesday 7/17 and Thursday 7/18 during the lunch break.*

*The social activities include the RA Welcome Reception in addition to the MG Dinner on Saturday in the Tuft Center. Tickets are available with pre-registration and are \$40.*

A reminder that we have our traditional MGVR Meet and Greet at MGVR Central Wednesday starting 6 pm (although there are the usual suspects who join in the mischief earlier). Please bring a favorite beverage from YOUR local producer to share with your fellow mischief-maker. Any snack contributions welcome as well. MGVR will supply the burgers, dogs, sausage, tunes (does anyone still have vinyl?). MGVR editor has a turntable-

That's all for now. Best to you as this year's Focus Event nears!
